

Mold and Water Removal Technician

(Delaware County, PA)

compensation: **30K-60K depending on experience**

Immediate openings for applicants looking to work hard and be rewarded accordingly. We are an Environmental Construction Company hiring for positions ranging from entry-level laborer to experienced Project Manager. Compensation will be based on experience and we are willing to train the right individuals. Our company performs water damage and mold removal services, stucco removal, and stucco replacement.

Requirements:

- VALID DRIVERS LICENSE (It costs us \$5.00 to pull a driving history)
- Knowledge and comprehension of basic construction methods
- Interest in learning a new trade
- Good physical health (this can be a physically demanding job)
- Professional appearance
- Willingness to work locally and travel out of state in company vehicles (all expenses covered)
- Ability to pass a drug screening and background check (clean driving record is a plus)

If you have read the entire ad and feel you would be a good candidate, please respond with 'Water' in subject line.
